# University of Wisconsin - Madison

## Position Vacancy Listing

**PVL # 96924**

---

**Working Title:**
- Researcher

**Official Title:**
- RESEARCHER(E05DN) or ASSOC RESEARCHER(E05FN) or ASST RESEARCHER(E05LN)

**Degree and area of specialization:**
- Master's degree in statistics, biostatistics, or closely related quantitative field.

**Minimum number of years and type of relevant work experience:**
- Required skills knowledge: Proven knowledge of a wide variety of advanced statistical methods and study designs. Strong oral and written communication skills.

**Principal duties:**
- **25%** Serve as a resource for study design and statistical methods. Identify and select appropriate statistical designs and analytical methods for a variety of research areas, including new and complex studies. Be aware of the assumptions and limitations of each statistical design and the analytical methods required for successful publication and dissemination of research. Communicate available options to research teams without technical expertise in study design and statistical methods. Provide sufficient written justification and rationale for the designs and methods necessary to submit competitive research grant proposals.

- **40%** Create statistical design for specific research projects and conduct analyses. Advise research staff of any concerns or challenges in conducting the analyses. Learn new analytic methods and maintain best research practices.

- **25%** Participate in the development of and co-author manuscripts for submission to peer-reviewed professional publications. Present written and oral results to a diverse team of researchers and non-researchers. Interpret study designs, statistical methods, and research results and prepare them for publication, and poster and oral presentations.

- **10%** Initiate and maintain day-to-day workflow with minimal supervisory oversight. Forecast workflow and time demands to complete projects successfully and maintain 100% effort on projects. Discuss strategies for obtaining new research funds and projects with supervisor and research teams.

**Requirements:**
- A criminal background check will be conducted prior to hiring.
- A period of evaluation will be required

**Employee Class:**
- Academic Staff

**Department(s):**
- SMPH/BIOSTAT & MED I
